Watershed Management

Power Generation and Transmission

- In Kentucky, TVA operates one hydroelectric dam (Kentucky Dam), eight combustion turbines (in Marshall County), one coal-fired power plant (Shawnee) and a combined-cycle gas plant (Paradise) with a total capacity of more than 4,520 megawatts.

53 substations & switchyards &
miles of transmission line **1,590**

- TVA operates one solar facility in Kentucky: a 34.3-kilowatt site at Lovers Lane Soccer Complex in Bowling Green.
- TVA has contracted for 78.8 megawatts of renewable biomass, solar and wind capacity in Kentucky.
- Paradise Fossil Plant retired in February 2020 with the retirement of Unit 3. Units 1 and 2 were retired in 2017.

Land and Water Stewardship

- Kentucky Reservoir has a surface area of 160,300 acres and about 2,000 miles of shoreline.
- TVA manages recreational, natural and cultural resources on more than 60,000 acres of public land around Kentucky Reservoir and partners with local, state, and regional stakeholders to improve water quality and aquatic biodiversity, shoreline conditions, recreation, wildlife and habitats on lands, reservoir and its tributaries.
- The TVA visitor center at Kentucky Dam welcomes about 28,000 visitors a year. The center was closed in 2020 due to the COVID-19 pandemic and remains closed as of March 15, 2021.

River Management

- TVA maintains the structural, seismic and hydraulic integrity of the Kentucky Dam project.
- TVA operates Kentucky Dam and Reservoir as part of an integrated multi-purpose reservoir system to provide numerous stakeholders a variety of benefits that include navigation, flood risk reduction, low-cost hydropower, water supply, water quality and recreational opportunities.
- TVA owns Kentucky Lock, serving 35 ports and terminals. About 29 million tons of cargo moved through the facilities in fiscal year 2020.
- Kentucky Dam and Reservoir are operated to reduce crests on the lower Ohio and Mississippi rivers.
- Five industries and one mining company in Kentucky draw water from Kentucky Reservoir. Water also is drawn for irrigation.

Other TVA Operations
